

Guidelines for the Operation of Golf Carts within the Corporate Limits of the Town of Bowling Green

DEADLINE JUNE 1, 2016

In order to provide a safe and friendly environment for the citizens of the Town of Bowling Green and operators of golf carts within the corporate limits of the Town, the following guidelines must be observed before an individual is permitted to operate a golf cart on the public streets located within the Town limits.

1. Each operator shall receive and comply with the rules and regulations set forth in Town Ordinance 3-11 (attached) which details the requirements for the operation of a golf cart within the Town limits.
2. Each golf cart shall be inspected annually by an authorized inspection station and the authorized inspection station shall complete the prescribed form designated by the Town and attached hereto.
3. Each golf cart is to be insured with coverage that meets the minimum liability amounts contained in §46.2-472 of the Code of Virginia (1950).
4. The inspection form and proof of insurance shall be brought to the Town Hall Office in order to apply for a Town Decal. The cost is \$18. Such decal must be displayed in a prominent location on the golf cart, preferably in the middle of the “slow moving vehicle” triangle at the rear of the cart.
5. Comply with all regulations concerning the operation of “slow moving vehicles.” Please avoid impeding traffic flow on streets in Town. Thank you for your consideration.
